

Get tested today

Any Ohioan, regardless of insurance status, can get tested today at a state-sponsored pop-up site with no out-of-pocket costs.

To find a testing site near you, go to coronavirus.ohio.gov and click on "Testing and Community Health Centers."

Where can I get tested?

State-sponsored pop-up sites

Select retail pharmacies

Community health centers

Primary care physicians

Don't forget to wear a mask!

Who can get tested?

- Anyone can get tested.
- If you have symptoms of COVID-19, call your healthcare provider first.
- If you do not have a healthcare provider or if you are uninsured, you can get tested at any state testing site with no out-of-pocket cost.

Why get tested?

- If you've had known or suspected exposure to someone with COVID-19 or have symptoms, a test can determine whether you have COVID-19.
- If you were exposed, you may be spreading COVID-19 even if you do not have symptoms.

What steps to take?

- Wear a mask when you are outside of your home.
- If you are feeling ill, contact your healthcare provider.
- To find the closest site online you can go to coronavirus.ohio.gov and click on "Testing and Community Health Centers."

1 Find a test site

Go online to find a testing site near you.

2 Arrive at the site

A health worker will evaluate you for symptoms.

3 Fill out paperwork

Don't forget your ID and insurance card if you have them.

4 Get tested

Health workers on site will administer the test.

5 Stay at home

If you have symptoms or known exposure, stay at home.

6 Wait for a call

Test results are typically returned within 48 hours, but may take longer.

If you have symptoms...

Stay home and away from others while you wait for your results.

Monitor your health and seek emergency medical care if symptoms worsen.

Think about everyone you have been around recently.

If you do not have symptoms...

AND have **known or suspected exposure to COVID-19**, stay home since symptoms may appear 2 to 14 days after exposure to an infected person.

AND have **no known or suspected exposure to COVID-19**, staying home is not required, but continue to follow public health measures.
